MOBILE FULL PAGE FLEX INTERSTITIAL

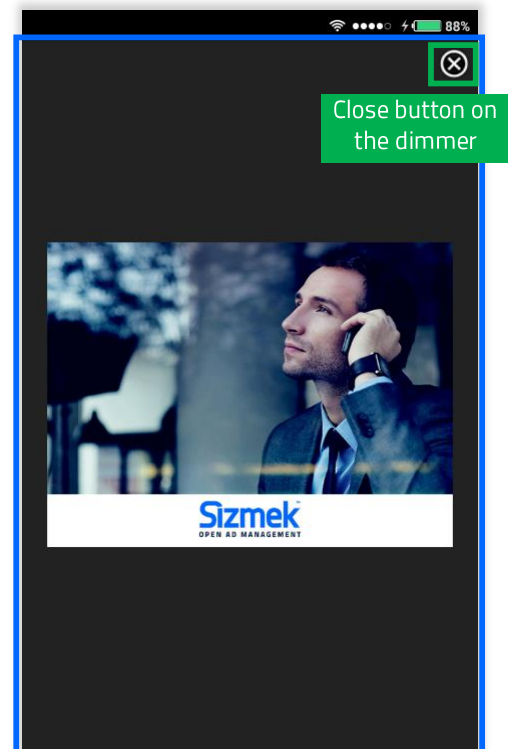

OVERVIEW

User Experience

Mobile Full Page Flex Interstitial is an Ad format that auto-expands to the full size of the screen on mobile devices and tablets browsers. The ad is responsive to maximum available width and height horizontally or vertically. The background contains a light box like semitransparent background that cover to browser width and height or a solid color as advertiser's preference. A CLOSE button is compulsory which allows user(s) to close the ad. Users are able to preview again on the banner by refreshing the page.

Open source template notes:

The open source ad template is built to the correct Sizmek specifications and can be easily re-skinned. This example is designed to function as described in this kit.

All amendments are up to the individual skill of the creative developer.

Ads built outside Sizmek specs can cause delays and additional costs to the creative agency.

MOBILE FULL PAGE FLEX INTERSTITIAL
